MEMORANDUM FOR PARENTS AND STAFF

SUBJECT: Notification of AHERA inspection

As required by the Asbestos Hazard Emergency Response Act (AHERA) of 1986, our buildings have been inspected or re-inspected for asbestos-containing materials (ACM). The most recent inspection was conducted on 11/14/2011 in accordance with Environmental Protection Agency (EPA) regulations and DoDEA policy. The results of the inspection indicate we have asbestos materials in our school.

As required by EPA, a triennial re-inspection and six month periodic surveillance program is in effect for any asbestos materials that remain in place and their condition will be closely monitored. A copy of the Asbestos Management Plan, which includes the recommended management response action(s) for ACM, is kept in our office and is available for your review. If you have any questions or concerns, please do not hesitate to contact me at school.
